OBJECTIVE

Recently graduated College student looking for an opportunity to gain further experience in research or data related fields.

EDUCATION

University of North Carolina-Chapel Hill, Bachelor of Science in Statistics and Data Analytics, Data Science Minor. GPA: 3.74

Relevant Classes: Foundations of Data Science, Basics of Computer Science, Data Modeling, Machine Learning, Machine Learning for Optimization, Tools for Info Literacy, Data in Politics
Graduation Date: May 2024

EXPERIENCE

May 2023-Present

Data Science Intern, Florida Blue, Jacksonville, FL

Built model to predict risk of Breast Cancer Screening Noncompliance. Built and helped to maintain internal Florida Blue Data Science and API Packages in Python and R. Used clustering techniques to convert SDOH data into custom indexes for use in other models.

May 2022-May 2023

Quality Auditor, WebTPA Dallas, TX

Screened calls and worked with auditing software to generate performance reports for Customer Service Representatives.

September 2022-May 2023

Data Collector, Internet Tobacco Vendors Study

Collected data relating to the regulation of tobacco vendors and got hands on experience with database management and data analysis (SAS and SQL).

March 2022-July 2022

Data Collection Intern, Inside Edge

Analyzed data and charted points of interest. Helped with implementation and revision of software.

SKILLS

- **Programming:** Experience in R and Python languages
- **Microsoft Office/Google workspace:** Proficient in Microsoft Office and Google Workspace applications such as Word, Excel, PowerPoint and corresponding google programs.
